

# KAMIO-POE01 / VGA01

- COTS (Commercial off-the-shelf) compliant Power over Ethernet (PoE) 802.3af module for KAMIO-CB04/CB05
- COTS (Commercial off-the-shelf) LCD TTL interface to analog VGA output converter module

## Specifications

### KAMIO-POE01

- Compliant Power of Ethernet (PoE) 802.3af module
- PoE Controller: NS LM-5072
- OS support: Windows CE 5.0
- Input Voltage: 44 V~57 V DC
- Output Voltage: 12 V
- Output Power: Max. 12.95 W
- Operating Temperature: -20°C~60°C
- KAMIO Integration supports KAMIO-CB04 / CB05

### KAMIO-VGA01

- LCD TTL interface to analog VGA output converter module
- Operating Voltage: 3.3 V
- Operating Temperature: 0°C~70°C
- Connector type: TTL 40 pin interface
- Consumption current: < 100 mA
- High Speed DAC: ADV 7123
- KAMIO Integration supports KAMIO series carry boards

## Dimensions (Unit : mm)

### KAMIO-POE01

### KAMIO-VGA01

## Ordering Information

Part No.	Description
KAMIO-POE01-R10	Compliant Power over Ethernet (PoE) 802.3af module for KAMIO-CB04/CB05
KAMIO-VGA01-R10	LCD TTL interface to analog VGA output converter module

## Packing List

KAMIO-POE01	1 x KAMIO-POE01 module 2 x Connection cable	KAMIO-VGA	1 x KAMIO-VGA01 module card 1 x LCD cable for TTL interface
